Please mail this completed application and a check payable to Tomato Mountain to the address above, or deliver to us at a farmers market. Full payment by check is preferred, but call us for installment plans or credit card payment options.

As a CSA member, we ask you to:

~ **Make** alternate arrangements if you are unable to receive your box on delivery day; you can ask someone else to pick up your box, have the farm deliver to a nearby alternate address, or have us donate your box that week (several days' notice, please; no refunds for missed weeks).

~ **Return** the wax boxes each week and any pint/quart containers. Better yet, leave out a cooler and we'll put the produce in it. We ask that you re-use or recycle the plastic bags separating your produce.

~ **Read** our CSA newsletters! We'll share information about the farm, tell you what to expect in your box, demystify crops you might not be familiar with, share recipes, and give you an idea of what to expect in coming weeks.

~ **Visit** the farm during your summer travels or as part of one of our scheduled farm visit opportunities. If you're coming on your own, please give us a little notice so we'll be sure to have someone available to show you around.

~ **Tell** us what you like and don't like; we need to know either way. We want you to have high expectations of us. If at any point you are not happy with our produce or service, we will gladly refund the prorated value of undelivered produce and applicable delivery charges less any discounts you received. And if you've under- or over-estimated your needs, please ask about upsizing or downsizing your share.

Discounts

If applicable, **deduct** the following percentage from your share (round to nearest dollar).
